- 6.1 Licensor warrants to Licensee that it has the right to grant this License and that the disk or other medium on which the Program and Documentation are delivered to Licensee shall be in good condition when delivered. Licensor further warrants that: (a) for a period of thirty (30) days from the delivery of the Program to Licensee, that the Program will perform substantially in conformance with the *General Information Manual*; and (b) upon delivery to Licensee, the Program shall not contain any virus, worm, trap or any other code intended to destroy or disrupt the system on which the Program runs.
- 6.2 Licensor's warranty liability in any case is limited to, at Licensor's election: (a) repair or replacement of the Program or Documentation not complying with the foregoing warranty; or (b) cancellation of this License with respect to non-conforming Program or Documentation and repayment of, or crediting Licensee with, the associated license fee paid by Licensee for such non-conforming Program or Documentation depreciated on a straight line basis over a period of two (2) years commencing upon the Effective Date.

It is acknowledged by Licensee that the Program contains reporting functions that display or record date and date related data that is provided to it, and that these reporting functions do not alter nor attempt to make this data conform to the above processing. At Licensee's request, Licensor shall

cooperate with Licensee in testing and other efforts appropriate to determine that the Program conforms to these requirements.

6.4 **EXCEPT AS EXPRESSLY PROVIDED HEREIN, THE PROGRAM AND DOCUMENTATION ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED BY OPERATION OF LAW OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST INTERFERENCE OR INFRINGEMENT, SUBJECT TO SECTION 7. 7 INFRINGEMENT AND INDEMNITY.

7.1 If proper use of the Program or Documentation by Licensee is held to constitute an infringement of any patent, trade secret, copyright, trademark or other intellectual property right (the "Infringing Product") and use of the Infringing Product is enjoined, and the injunction is not caused by fault of the Licensee, Licensor shall, at its election, use reasonable efforts to: (a) procure for Licensee the right to continuing use of the Infringing Product; (b) replace at Licensor's costs the Infringing Product with a suitable non-Infringing Product which substantially functions in accordance with the specifications for such infringing products; (c) modify at Licensor's cost the Infringing Product so that it becomes non-infringing, provided that the Program, as so modified, continues to substantially perform in accordance with the applicable specifications; or (d) terminate this License and

Licensee's rights to use the Program and Documentation and upon such termination, Licensor shall refund to Licensee the original purchase price of the Program depreciated on a straight line basis over a period of two (2) years commencing upon the Effective Date.

7.2 Licensor shall have no obligation under Section 7.1 hereof with respect to any claim of infringement of patent, copyright, trade secret, or other proprietary right based upon Licensee's modification of the Program or Documentation, or their combination, operation, or use with programs or equipment not specified by Licensor.

7.3 Except as provided in Section 7.1 hereof, Licensor shall defend, indemnify and hold Licensee harmless against any loss, damage or claim of any kind arising from a breach by Licensor of this License Agreement, Licensor's or Licensor's employees', agents' or representatives' use or misuse of the Program or Documentation and from any other conduct of Licensor or from any claim or action by any customer of Licensor in connection with the Program, the Documentation, the License or this License Agreement.

7.4 Except as provided in Section 7.1 hereof, Licensee shall defend, indemnify and hold Licensor harmless against any loss, damage or claim of any kind arising from a breach by Licensee of this License Agreement, Licensee's or Licensee's employees', agents' or representatives' use or misuse of the Program or Documentation and from any other conduct of Licensee or from any claim or action by any customer of Licensee in connection with the Program, the Documentation, the License or this License Agreement.

7.5 The foregoing indemnity obligations shall be contingent upon the party seeking indemnity: (a) giving prompt written notice to the other party of any claim, demand, or action for which indemnity is sought; (b) fully cooperating in the defense or settlement of any such claim, demand, or action; and (c) obtaining the prior written agreement of the indemnifying party to any settlement or proposal of settlement, which agreement shall not unreasonably be withheld.

8 PROPRIETARY INFORMATION.

8.1 Licensee acknowledges that Licensor has represented that all aspects of the Program and the Documentation, including without limitation, code, algorithms, methods of processing, and any modifications or releases and any originals and copies thereof, in whole or in part and all copyrights, trademarks, patents, trade secrets and other intellectual property rights therein (collectively, "Proprietary Information"), are and shall remain the valuable and exclusive property of Licensor. Licensor may disclose additional information to Licensee in the form of upgrades, documentation, historical case studies or other Support during the term of this License Agreement. Licensee agrees that such information shall also be deemed Proprietary Information as defined above.

8.2 Licensee acknowledges that Licensor has represented that Licensor has acquired and is the owner of trademark rights and related goodwill to the name Edge Information Group, Inc.

Licensee shall not, at any time or for any reason, challenge the validity of or Licensor's ownership of the mark and Licensee waives any rights it may have at any time to do so.

9 CONFIDENTIALITY.

- 9.1 During the course of this Agreement, either party may receive or have access to Confidential Information of the other party. "Confidential Information" means any information or data disclosed by a party (the "Disclosing Party") to the other party (the "Recipient").
- 9.2 The terms "Disclosing Party" and "Recipient" include each party's corporate affiliates that disclose or receive Confidential Information. The rights and obligations of the parties shall also inure to such affiliates and may be directly enforced by or against them.
- 9.3 The Recipient acknowledges the economic value of the Disclosing Party's Confidential Information. The Recipient shall: (a) use the Confidential Information only in connection with the Recipient's performance of its obligations or exercise of its rights under this Agreement; (b) restrict disclosure of the Confidential Information to employees, agents and subcontractors of the Recipients with a "need to know" and not disclose it to any other person or entity without prior written consent of the Disclosing Party; and (c) advise those employees, agents or subcontractors who access the Confidential Information of their obligations with respect thereto.
- 9.4 The obligations of this Section 9 shall not apply to any Confidential Information which the Recipient can demonstrate: (a) is or becomes available to the public through no breach of this Agreement; (b) was previously known by the Recipient without any obligation to hold it in confidence; (c) is received from a third party free to disclose such information without restriction; (d) is independently developed by the Recipient without the use of Confidential Information of the Disclosing Party; (e) is approved for release by written authorization of the Disclosing Party, but only to the extent of such authorization; (f) is required by law or regulation to be disclosed, but only to the extent and for the purposes of such required disclosure; or (g) is disclosed in response to a valid order of a court or other governmental body, but only to the extent of and for the purposes of such order, and only if the Recipient first notifies the Disclosing Party of the order and permits the Disclosing Party to seek an appropriate protective order.
- 9.5 Both parties acknowledge and agree that the remedy at law for any breach of any provisions of this License Agreement regarding the ownership, confidentiality or nondisclosure of the Program or Documentation or other Proprietary Information will be inadequate and the injured party would suffer continuing and irreparable injury to its business as a direct result of such violations or events. Therefore, if either party shall breach or fail to perform any such provisions hereof, then the injured party shall be entitled to institute and prosecute proceedings in any court of competent jurisdiction, either in law or in equity, to obtain the specific performance

thereof or to enjoin said party from violating such provisions.

Any attempt to sublicense, assign, transfer, rent, lease, sell or otherwise dispose of the Program or Documentation, not authorized in advance and in writing by Licensor, is void and shall automatically terminate the License and License Agreement.

Further, Licensee must immediately cease its use of the Program and Documentation and destroy all copies of the Program and Documentation and certify in writing to Licensor that it has done so. Except as provided in Sections 6.4 and 7.1, such termination or expiration shall not entitle Licensee to a refund or other credit of any Licensee Fee paid or owed to Licensor at the time of such termination or expiration. Licensee shall thereafter have no recourse against Licensor whatsoever for such termination or expiration.
- 11.2 Licensee may terminate the License Agreement at any time by delivering to Licensor the Program, Documentation and all copies thereto that are in Licensee's possession or control, by immediately ceasing its use of the Program and Documentation and by certifying in writing to Licensor that it has done so. In the event Licensor pays any such amounts, Licensee agrees to reimburse the amounts so paid promptly upon receipt of Licensor's invoice therefor. Notwithstanding the foregoing, Licensor shall be responsible for payment of any U.S. federal or state income taxes on profits, or other state sales or gross receipt taxes imposed upon Licensor based upon this License Agreement.
